

COVID-19 SYMPTOMS

Fever

Dry Cough

Shortness of Breath

Sore Throat

What to do if you are experiencing symptoms, or have been in close contact with a person who has COVID-19?

If you feel sick, see a doctor. Otherwise, stay at home

Self-isolate and do not come in contact with others

Monitor your health and take your temperature regularly

Do not share eating utensils or food

Frequently wash hands, and put used tissues directly into the bin

Disinfect frequently touched surfaces, household items, and personal objects

Incubation Period

Onset of symptoms
1-14 Days
from exposure

Warning!
You may be infectious even if you do not have any symptoms!
